Quote-to-Cash — Enterprise Pricing

CoreOffice Support Global LLC · coreofficesupport.com · kjdowdell61@gmail.com

Custom pricing for larger teams

Enterprise plans are priced per agreement, based on team size, expected volume and the level of support required. Enterprise includes everything in the Business plan, plus:

- Unlimited team members (no per-seat charge)
- Unlimited customers, quotes, invoices and storage
- Unlimited AI requests with priority processing
- A dedicated onboarding and data-migration session
- Priority support with a named contact
- Custom integrations and workflow reviews on request

Indicative starting point: agreements typically begin at $499 per month billed annually, with final pricing confirmed in a written quote before any commitment. All subscription payments are processed by Paddle as Merchant of Record; applicable taxes are calculated at checkout.

To request an Enterprise quote, email kjdowdell61@gmail.com or use the contact form at coreofficesupport.com/contact. This document is provided for Paddle's seller review and for prospective customers on request.
